United Church News

The members of the United Church W. A. held their October meeting at the home of Mrs. Pentland, in Magrath, on October 1st at 8 p.m. The devotional period was conducted by Mrs. Ball, who read a chapter from the Bible closing with prayer.

The President Mrs. Dainard opened the business portion of the meeting by asking the Secretary Treasurer for her reports, both of which were declared accepted by the President.

Following the reading of the correspondence Mrs. Ball was asked to give a report on the special Presbytery Meeting which was held in Lethbridge September 15th. In her report Mrs. Ball mentioned the honorary luncheon for Mrs. Scott, wife of the United Church Moderator, also the Pageant in the Lethbridge Civic Centre.

Plans were completed for the bazaar, luncheon and bake sale to be held Thursday November 26, in the Legion Hall from 3 to 7 p.m.

A short discussion was held on the decorating of the church for Thanksgiving Sunday and all members were asked to bring or send their 'Thank Offerings' for this purpose.

It was decided that the month of October that all members be responsible for several calls on the 'shut-ins' in our community.

Roll call was answered with 'Talent Money' donations, following which the motion of adjournment was made by Mrs. Ball.

The social hour at the conclusion of the meeting as well as the delicious luncheon served by Mrs. Pentland was thoroughly enjoyed by all.

The November meeting will be held at the home of Mrs. Hilda Wilde with Mrs. Flo McKean in charge of the devotionals. Members and other ladies of the congregation are asked to finish their Bazaar articles prior to this meeting.

A special congregational meeting will be held Sunday October 18th, immediately following the service, for the purpose of appointing a new Sunday School Superintendent due to the resignation of Don Petrak who has served in this capacity, faithfully and well, the past year and a half.

Thanksgiving Sunday service was held in the beautifully decorated church on Sunday October 4th. Reverend Howard Pentland of Magrath gave the interesting and inspiring sermon.

Many Attend Funeral Services For Mrs. J. Wilford Meldrum

The good friend and neighbor of all who knew her, Mrs. Manila Meldrum, was paid homage Thursday afternoon at the Stake House when the Recreation Hall had to be opened to seat the overflow of friends gathered. The large floral offering was carried by neighbors and fellow workers of the deceased.

Bishop Snow conducted the inspiring Service which commenced with the Fourth Ward Choir singing 'Some-time We'll Understand'. The music was directed by Roi Stone with Mrs. Emma Dahl at the organ. After the Invocation by Patriarch T. T. Mendenhall, the choir sang 'One Sweetly Solemn Thought'.

The first speaker, a long time friend and neighbor, Paul Redd who met her years ago in Stirling where they were both teaching, said that at that time she was full of fun and busy in numerous activities and has remained so during the years. Her life was an example of practical Citizenship — her husband, brothers, a son and daughter all spent time in the Service of their country, she was Secretary and a driving force in the Next-of-Kin Association during the last war, and she has been active on the Library Board Cemetery Board, and United Farm Women of Alberta. Her life was an example of practical and concrete neighborliness — she was among the first to go in times of trouble or in times of rejoicing, and she didn't go empty-handed. Her life was an example of Religion in Action — working in both the Mutual and Sunday School, though her greatest love was for genealogical work, devoting many hours to it with her husband. At the time of her death she was Secretary of the Ward Genealogical Society and a member of the choir.

Mr. Redd went on to explain the purpose of our life here, where we are going, and the purpose of suffering.

Following "My Prayer" sung by Laura Watson, Velma Bigelow, and Gen Hawkins, Pres. Walker spoke of his long friendship with Mr. and Mrs. Meldrum and their families, and the grit and determination possessed by the deceased. He also referred to the

fact that she was always where she was needed, and never spoke a unkind word of anyone.

While she was busy raising her own family she didn't forget the need of others, and when the infant daughter of a friend who had died, was close to death, she took the child into her home and nursed her back to health.

In his talk, President Walker also told the Story of Lazarus and went on to speak of our life hereafter but before the Resurrection.

"Beyond the Sunset" was beautifully rendered by Mr. and Mrs. Doug Anderson of Barnwell, after which Bishop Snow offered consolation and sympathy with his few well chosen words. Heber Allen offered the Benediction after the choir sang 'Abide With Me'.

Palbearers were Ira McBride, Myron Holmes, Reed Litchfield, Karl Gehmlich, Erven Fawns, and Eddy Price of Taber, with the Graveside Prayer being offered by C. R. Wing. Interment was in the Temple Hill Cemetery.

Manila who was the oldest of a family of eleven, was born in Spring City, Utah in 1898, coming to Raymond in 1902 with her parents Mr. and Mrs. Delos Lund. At the age of twenty she married T. W. Meldrum and in the following years they became the parents of six children. Veri of Kimball, Elvis, who died at the age of three, Deloy who is at home with his father, and three daughters, Deleen, Evelyn of Brooks, Vera Kuehn of Victoria and LaDon Gehmlich of Salt Lake, who has been their daughter since a small child.

Besides her husband, she is also survived by her mother Mrs. Manila Lund and six brothers Andrew of Raymond, Arthur of Milk River, Clark of Rosemary, Delos of Phoenix, Ariz., Harold of McDermid, Nevada and Ersel of Gem; four sisters, Clayte Ralph, Idale Kenney, Crystal Kenney of Taber and Hazel Christensen of Brooks, who was unable to be present for the funeral due to her health. All the rest of her family were there together.

Ray Depew Heads Athletic Association

On Wednesday, October 7th, a comparatively small group met at the Town Hall for the purpose of electing a new executive for the Raymond Amateur Athletic Association. Vice-President Max Heggie called the meeting to order and Golden Snow was elected as chairman of the meeting.

Secretary Dee Rolfsen read the minutes of the previous meeting with a discussion of the financial report of the Assn. following. Ted Brewerton with Leonard Rolfsen as second.

The report on Baseball was given by Ted Allan and showed that baseball was self-supporting and the team has helped pay off considerable of the accumulated bills of the previous yr. Ted said that almost \$16 per game was the receipts for games played here. A vote of thanks was given by the group for the progress made by the baseball team.

Max Heggie reported on the boxing program sponsored, in cooperation with the Legion, this year saying that although there was a small profit the attendance was very small. He expressed the opinion that boxing could be a money-maker for the Association. Doug Heggie and Hugh Court were the boxing mentors holding classes for up to 40 boys a week. This committee was also given a vote of thanks.

Chairman Snow then called for new business and recommendations. It was the feeling of the meeting that basketball has been missing too long from the local scene and that steps should be taken to bring the game back to life.

A discussion of the method of electing executive and what constitutes an executive preceded remarks by President Wilson Rolfsen who pledged his full support for the furtherance of sport in Raymond and Max Heggie also said he would do all he could to promote all sports activities. Dee Rolfsen concurred with their statements.

The meeting was then thrown open for nominations for the executive with Ray Depew elected as President with Bert Powelson as Vice-President and John Laqua as Secretary.

It was then moved by Golden Snow that all those in official capacities in the retiring executive be given a hearty vote of thanks for their efforts. This was seconded by John Laqua and approved by the group as evidenced by the applause.

Bert, taking charge of the meeting due to the absence of the President, said all possible would be done to get the Union Jacks started up again and that prospects for buring the hatchet with the A.A.B.A. were good and that delegates would go to Calgary for the annual meeting on Oct. 18th to iron out the wrinkles.

With this good news the meeting was adjourned.

All those interested in playing basketball this year are asked to contact Bert Powelson.

LEST WE FORGET

Letter to the Editor:

Dear Sir:

We would indeed be grateful, Mr. Editor, for space in your paper to run a series of articles regarding our Poppy Campaign.

The Raymond Canadian Legion B.E.S.L. is this year endeavoring to hold a community wide "Poppy Week" in November, and have chosen as its slogan:

"A Poppy in every lapel".

"A Poppy wreath in every window"

"A Poppy on every windshield".

It is the hope of this Branch of the B.E.S.L. that the Raymond School Principals along with the teachers of the schools in our surrounding districts will co-operate in this campaign to the extent of observing Tuesday November 10th as "Poppy Day" and asking each child to bring a dime for a Poppy — and to wear that Poppy proudly when attending the Remembrance Day Service at the Cenotaph on Wednesday November 11th.

The Poppy Campaign is not just another charity drive. It is two-fold in its purpose and the most important of these is the Legion's self-imposed duty of ensuring that all citizens of Raymond remember the dead of World Wars I and II by wearing a Poppy displaying a Poppy Wreath in your business places, your churches and schools and homes thereby participating in the 'Act of Remembrance'.

"LEST WE FORGET!" In World War I do you remember: Ypres, Passchendaele, Vimy Ridge, the Somme? In World War II have Orton's, Falaise Dieppe any significance? Have these names already faded from the memory of all, excepting a few to whom they have a very personal meaning.

The struggle is still going on, and now such names as Seoul and Pyongyang are being associated with our service boys. Our Canadian men are still shedding their blood and giving their lives on foreign battlefields for one purpose only — to preserve the kind of freedom we enjoy in this country.

We, of the Raymond Canadian Legion, supported by the Ladies Auxiliary and the Air Cadets who have united with us in this Campaign, ask that you — and you — and you give to the 'Poppy Fund' as much as you can spare and wear your 'POPPY' proudly so that all Raymonds may give thought at least one day in the year to the high cost of freedom. If you treasure that freedom, remember our own Raymond boys and men — our sons and husbands and fathers, who made the supreme sacrifice in order that you, Mr. Citizen, and your family could enjoy that freedom.

Show your appreciation — Wear A POPPY.

Watch for our next article, (The Poppy Makers" in the next issue of the Raymond Re-order. In closing, we again say "Thank You", Mr. Editor, for space allotted so that we may endeavor to make every citizen of Raymond conscious of the full meaning of "POPPY DAY".

Yours sincerely,

Legion President,

Raymond Canadian Legion B.E.S.L.

FOREST-REWARDS 23-YEAR WAIT

Planting of six square miles of timber in 1930 is paying off now in Vivian Forest, York County, Ontario. William C. Hood, 68, is one of 20 lumbermen employed in thinning out the forest which at first cutting will yield thousands of feet of valuable lumber, firewood and pulp. With the reduction of the number of trees, those that are left will have a chance to grow to the size of those in Canada's virgin forests.

You and Your Credit

What would we do if, some morning when we came down town, all the stores and places of business were closed with "Closed By Creditors", signs on the door?

Sounds a little fantastic and far-fetched? Well stop for a short while and look the situation over. For the past three or four years, some even longer, the merchants and dealers of town have had to play banker for us all. Even when the banks wouldn't loan money the merchants and dealers were asked, and expected, to give extended credit. Bad weather and other factors combined to make it impossible for them to get their money one year so they had to carry it over for another. This has continued until now the dealers and merchants are really feeling the pinch. Very few whole-sale houses are giving any longer than 30 days for their goods with some on a 15 day and some even asking cash on delivery and the dealer or merchant has felt an obligation to do his best to serve the people of his community. And so at the fall of this almost perfect year many of the local businessmen are at their wits end to know where to turn.

There is always two sides to a story and so it is with this one — bad weather and all made it impossible for the farmers to get their

crops off so he was left short of money and when such is the case it is felt all down the line because we, as a farming community, are almost entirely dependent on the farmers for our business life. But, bad weather, plugged elevators and all, there is still some money in circulation and every person who owes any of his hometown merchants or dealers should feel a direct responsibility to help keep them in a financially sound position.

No matter how long this old world keeps turning there will always be the heading in the financial statement known as "bad debts" but if our community is to grow and prosper each and every one of us should make a very special effort to pay our debts.

As has been said many times — "If you can't pay it all, pay part". If a merchant has 100 accounts for \$100 each he has \$10,000 tied up in his customers hands but if he could collect half from each he would only be carrying \$5,000 so do your dealer a favor so that he can accommodate you again in the future. A special effort should be made to reduce accounts with the firms that have extended the helping hand in times of need — your friends and neighbors — the merchants and dealers of Raymond.

The World Wheat Price

By H. G. L. Strange

Some quiet heated discussions are taking place concerning the price of wheat. Some say that present price set by the Government is too high considering the great unsold surplus, others say that even the present price is too low, and it is stated also that even though the price were lower it would not sell anymore wheat. There is, it seems to me, one missing factor in all this discussion which tends to veil the one important feature that really matters, and that is not absolute price but relative price, for it is this that counts. Wheat at \$1.00 could be too high a price if competing wheats in other countries and other foodstuffs were at an equivalent of, say .95¢. On the other hand wheat at \$3.00 could be too low a price if the price of other wheats and other foodstuffs were equivalent of \$3.25. So it is the relationship between the price of our wheat and the price of other wheats and foodstuffs that really matters, and it is this relationship between prices — this relative price — that one first has to know about before any accurate opinion can be expressed whether any suggested actual price is too high or too low.

A man offered a \$15 reward for the return of his pointer dog, Queenie, but the amount mistakenly was published as \$1,500.

Calls poured in at his home. People brought over 500 dogs for him to see. Others called him to their homes.

He didn't have to pay. He found Queenie himself.
